Company overview

The company operates private hospitals in Thailand, both in Bangkok and other parts of the country, through direct management, affiliated firms as well as joint ventures. The business covers ten main facilities in Thailand-five Bangkok and vicinity-based hospitals and five provincial hospitals. Otherwise, THG operates one hospital in the Republic of the Union of Myanmar. In addition, THG also provides healthcare service beyond the hospital to offer customer-centric, innovative, and reasonable healthcare solutions to people of all ages, no matter what their health needs, and to always strive for a higher standard of service, expertise, and professionalism in our people for the benefit of all our stakeholders

Established since 1977
(Listed in SET in 2017)

Registered and paid-up capital of THB 847 million
(Capital reduction to 847 mn at 3/2/2022)

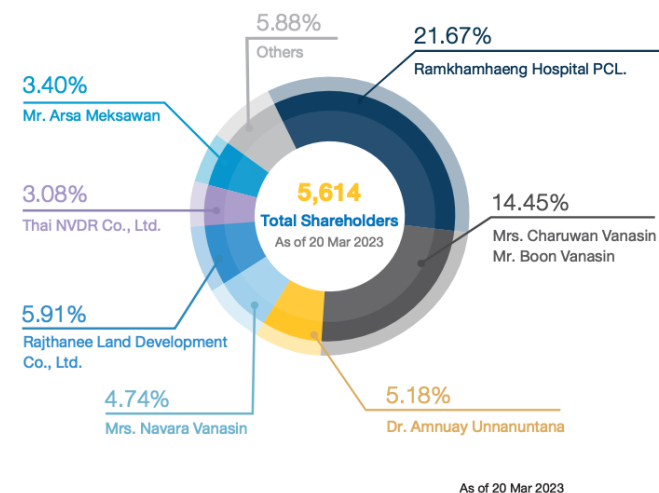

Investments in
13 Subsidiaries, 4 associates,
and **1 Joint venture**

Operates 11 private hospitals (10 Thailand and 1 oversea)

These statements can be identified by the use of forward-looking terminology such as “may”, “will”, “expect”, “anticipate”, “intend”, “estimate”, “continue” “plan” or other similar words. The statements are based on the assumptions and beliefs of THG’s management in light of the information currently available to THG. These assumptions involve risks and uncertainties which may cause the actual results, performance or achievements to be materially different from any future results, performance or achievements expressed or implied by such forward-looking statements. Nothing in this presentation should be relied on as promise or representation of THG as to the future.
